1 Letter no 8(1254) Dy 10.7.29 from D.B.O Hassan. Forwards for sanction the resolution of the Board requesting that the mileage grant for the Iravanakellegola road may be raised from Rs 100 to Rs 150 on account heavy traffic on the road & stating that the Ex. Engr. Hassan Dn has been requested to send a special estimate for repairs to the Iravanakellegola road, half the cost of this being met by Govt as the road is very important & attracts numerous pilgrims & distinguished visitors going to Iravanakellegola.

Draft sanctioning submitted for orders.

The latter point may be considered perhaps when special repair estimates are sent up for consideration & the raising of the mileage grant may alone be sanctioned

3. It is not possible to meet half the cost of the special repair estimate for the road out of the P.W.D.Budget as the grant is limited and is not enough even as it is to meet the requirements of the State Fund roads. Moreover, this will create a precedent for other District Boards which in my opinion is not desirable.

The increase in mileage may be sanctioned.

No special repair allowance has yet been sanctioned. But the principle whether a grant may be given in such a purpose has perhaps to be decided. As the D.W.P. may not spare any money from the D.W. grants, the D.W. may perhaps be informed that no help can be promised by Govt. in this purpose.

GEN. & REV. SECTT. 314 18 JULY 1929 L. S. G. BRANCH

From

Rao Bahadur
N. S. Nanjundiah, Esq.,
President, District Board,
Hassan.

To

B. Narayanaswami Iyengar, Esq., B.A., B.L.,
General Secretary to the Government of His Highness
the Maharaja of Mysore, Bangalore.

Through the Deputy Commissioner, Hassan District.

DEPUTY COMMISSIONER'S OFFICE 904 11 JULY 1929 HASSAN.

Sir,

I have the honor to state that the Private Secretary to the Dewan of Mysore addressed a letter No.1729, dated 16th Octr.28 to the Superintending Engineer, Shimoga Circle, intimating that the road to Sravanabelgola which is frequently visited by tourists and others may be put into thorough trafficable order and maintained always in an efficient condition. In reply, the Superintending Engineer intimated the Private Secretary that in view of the importance and the fairly heavy traffic on the road, the District Board would be moved to increase the mileage grant and also to sanction an estimate for metalling the unmetalled portions of the road and the Dewan might be assured that as good use as possible will be made of the present grant to keep the road in trafficable order. He also sent a copy of the same to the Executive Engineer, Hassan Division instructing that a special repair estimate or an improvement estimate as the case may be, may be sent ~~sent~~ to the District Board for sanction as also a requisition for doubling the mileage grant i.e., Rs 200/ a mile.

The Executive Engineer forwarded to this office a

reference requesting to move the Board for doubling the mileage grant of the road as stated above.

On receipt, the same was considered by the Board at their meeting held on 7th and 8th May 1929 and the Board approved of the resolution of the standing committee which resolved as follows:-

> "The mileage allotment may be raised to Rs 150/ a mile. Special repair estimate may be obtained and Government requested to bear half the cost, the balance being met by District Board since the road is more or less of Provincial importance attracting as it does numerous pilgrims and distinguished visitors from distant parts of the world"

In this connection, I may mention that a sum of Rs 790/ was spent for providing four sidings on the Janivara tank bund and a special repair estimate costing Rs 1590/- had also been sanctioned some three years back for improving this road in connection with the All India Jain Conference held at Sravana-belgola, during the great Masthakabhishekam ceremony.

The road will be trafficable during all times of the year and private cars and buses besides the usual passenger buses will be running on this road. Further, there will be very heavy traffic once in every 8 or 10 years, in connection with the grand mastakabhishekam ceremony that is being usually held at the place.

I therefore request that you will be so good as to kindly obtain early sanction of Government to raise the present mileage grant of Rs 100/ to Rs 150/ a mile as resolved by the Board and to kindly arrange to meet half the cost of the special repair estimate from State Funds. the length of the road being 8 miles

The special repair estimate which has been called for from

the Executive Engineer, Hassan Division will be forwarded on receipt of the same by him.

A copy of the resolution of the Board is enclosed.

I have the honor to be,
Sir,
Your most obedient servant,

Vice President,
District Board, Hassan.
